What's included in the kit

(A) Left-side mounting bracket with threaded brass insert

(B) Right-side mounting bracket with threaded brass insert

(C) 4x M4 carbon steel screws with locking washer

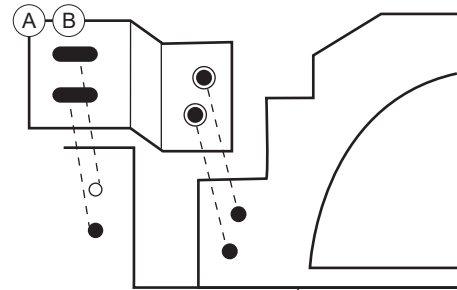

What to re-use:

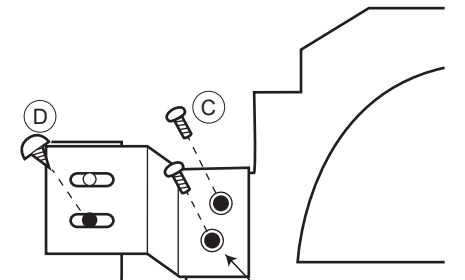

(D) 2x OEM mounting screws that attached the OEM cluster to the dash

**S2000 Cluster Mounting Bracket
for 94-01 Acura Integra**

Installation:

There should be a tight fit between the gauge cluster and the car dash.

Do not over-tighten the screws!
